

Submit an application for a Construction Certificate (CC)

To apply for a Construction Certificate via the NSW Planning Portal (Portal), you will need a NSW Planning Portal account. To register a new account, refer to our *Register for the NSW Planning Portal* quick reference guide or video.

Initiate application

You can apply for a construction certificate via the NSW Planning Portal using two different methods:

- A new standalone application.

Follow the instructions below for your required method.

Related application

<p>1. Log in to the NSW Planning Portal. Open the related Development Application by clicking on the reference number.</p>	
---	---

Note: If the development application has not been determined, the application will be on the Active Work dashboard.

If the development application has been determined, it will be in the Completed Work dashboard.

Alternatively, you can enter the Portal reference number in the search function at the top of the screen.

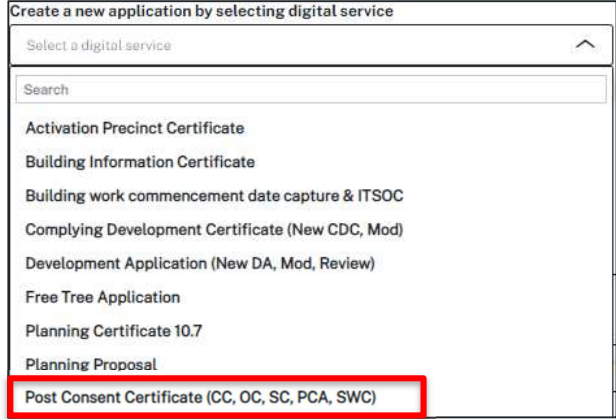

<p>2. Click Request Related Application, then select Request Certificate.</p>
